## Some Feedback from the Financial Services Industry

Jane in your office asked if our President, Brian Ashe could say a few words after seeing you speak at the recent LAMP meeting in Boston. Here is what he said:

"Vince Poscente is one of a very few speakers I have heard who combines great humor and storytelling with great, meaningful content. His message remains a long time after he has left the stage."

We are really looking forward to having you at our Annual Meeting as our opening speaker on Monday, June 12 in San Francisco. I know our audience of 5,500 from around the world will be delighted to hear from you.

Kindest Regards,

Karen Lewis Clarke, CMP

We found your "performance continuum" to be directly applicable to our efforts and are implementing many of your ideas and suggestions. I even have a 'gold dot' on my laptop! Thank you for your preparation and professionalism. You are a delight to work with!

We just received the evaluations for the February employee meeting. Your speeches received the highest marks of all! Thank you for the excellent work you did to customize your message for Thrivent Financial. Bruce J. Nicholson FSA – Chairman, President & CEO, Thrivent Financial (4.23.07)

Thank you so much for your wonderful comments last week at our National Sales Meeting. You did a fantastic job incorporating information about our current merger and the challenges we face in our industry into your compelling insights. Of the 15-20 national speakers I've heard over my career, you were absolutely the most memorable. As a result, I am excited to about the prospect of you sharing your energy and observations to our new group here at Regions.

Todd Chamberlain - President, Sales and Operations Regions Mortgage (3.13.07)

I am a financial advisor. You spoke at our annual meeting last year. I just got back from this year's annual meeting in San Antonio. The speakers this year were good, but I don't think there are any that I will take the time to read all their books and their weekly eBriefs like I have with you. I like your style and your topics are almost always of interest to me. I would like to think that you get a lot of positive feedback. I hope you won't be too busy for one more. Thanks for what you do.

I stepped into the back of the room filled with 500+ attendees just to listen to Vince for a moment. I stood there engaged for over an hour. He was extremely entertaining, funny and his story was heartfelt. I walked out of that room energized and motivated.
